## About Today's Game - News & Notes

### Bulldogs vs. Lynx

Garfield vs. the 2023 3A State  
Baseball Champions

**Welcome to historical Garfield Park! Great opportunity for our Bulldogs to play our state champion at home, expect to see a great tussle between 2 Seattle schools that are still getting to know each other on the diamond.**

Coach Moe plans on having all hands on deck for their pitching effort today, so the bullpen will be busy and if anyone gets in trouble expect to see some relief come in to settle things down.

Leadership is not a given, it needs to be spontaneously formed and cannot be created, it will appear amongst the teammates and they know their leader(s), a team without leadership will waver, stumble and be lost (disillusioned). When a team has "it" and it develops watch out, the leaders affect all that matters in every way, this feeling evades and spreads out via teammates, coaches, opposing team and even the umpires and fans cheering.

Expect to see the Lynx try their best at disrupting the Bulldogs, they are known to deploy uncertain novel ways to score, i.e. bunting, a game of movement that can be exciting and fun to watch!

**Enjoy Cheering for your team!**

- 1) *Who is your favorite current or retired baseball player? What do you like about their game?* My favorite player ever is Ken Griffey Jr. I liked him because of the swag he played with and he's one of the greatest ever.
- 2) *Are there any rule changes you would like to see made in Major League Baseball? Why might they improve the sport?* Put more time on the pitch clock so the pitchers aren't so rushed.
- 3) *Give us a sports book recommendation, what you enjoyed about it, and why you think others should read it.* I grew up reading the baseball card adventures books and I strongly recommend it for any young athletes.
- 4) *Tell us about a coach, mentor or teacher that has been influential in your life.* My dad has been by my side mentoring me through my whole baseball career and I wouldn't be where I am without him.
- 5) *What is your favorite subject or class in school and why?* Spanish because it's interesting learning a new language.
- 6) *What is your favorite Seattle area restaurant? What dish(es) do you typically order off the menu there?* I really like Cafe Lago and I always get the spaghetti and meatballs with a ceaser salad.

**#6 Liam Mahoney**

**C, 3B**

**Jr**

- 1) *Who is your favorite current or retired baseball player? What do you like about their game?* My favorite baseball player is Dustin Pedroia. Growing up, I watched the Red Sox all the time, as my dad is from the Boston area, and I always loved watching the hustle plays from Pedroia.
- 2) *Are there any rule changes you would like to see made in Major League Baseball? Why might they improve the sport?* The challenge system currently being tested in the minor leagues must be implemented in the MLB as soon as possible. We all can see that umpires are going to miss calls, so allowing the players to respectfully disagree and quickly get the correct answer would be very helpful. We would also probably see fewer ejections, as players could do something about bad calls, other than yelling at the ump.
- 3) *Give us a sports book recommendation, what you enjoyed about it, and why you think others should read it.* The Body Scout by Lincoln Michel is about the future of baseball, in a world where bionic adaptations have been legalized. Besides being an interesting story and having a surprisingly deep plot, for baseball players and fans it presents one avenue for our sport. Additionally, with the advancements of AI and bionic limb technology, the world proposed doesn't seem that far off.
- 4) *Tell us about a coach, mentor or teacher that has been influential in your life* An influential coach I have is my GHS swim coach, who keeps me honest and positive. I always want something more out of my race or believe I could have done better, but they ground me in the present. I can get too hung up on what needed to be better or where I could have improved, but they help me to acknowledge that and move on.
- 5) *What is your favorite subject or class in school and why?* Let me preface this by saying I go to SAAS, not Garfield, so I take different classes. My favorite class in school this year is Honors American Studies. I really enjoy it because although there is a heavy workload, the work itself is engaging and we are interacting with the work in a more enjoyable way. In past years, classes have felt like busy work, but for AMSTD I feel like I'm getting something from doing all the work, which is excrement gratifying once it's finished.
- 6) *What is your favorite Seattle area restaurant? What dish(es) do you typically order off the menu there?* My favorite Seattle restaurant has to be Dick's. I usually get two or three cheeseburgers, a fry, and a root beer.
